Document your work, save time typing...

Write your expressions in an editor and save
All expressions from the last session are in the .Rhistory file (txt file)

To see hidden files:
On Windows
Changing your "View" settings in Folder Options
(from Windows Explorer or from Windows Control Panel)

on MacOs:
Type in the terminal:
```
defaults write com.apple.finder AppleShowAllFiles TRUE
killall Finder
```

To hide hidden files set option to FALSE and again restart Finder

…and avoid annoying mistakes

Recommended editors:

Built-in editors in R GUI (very simple)

Windows   Tinn-R   http://www.sciviews.org/Tinn-R/

Mac Os   TextMate ($), TextWrangler (+ files)

Linux   TexMax, Kate, ESS

…and many others
